- Who's used Kiosk Mode before?
- What is it?
- Ways to set it up
- Hands on
 - Gui (Settings / Accounts / Other Users)
 - Configuration Designer package
 - PowerShell
- (Automated) with Intune
- Depending on config type you have more options

- No Longer just a Browser / One App Story
 - Kiosk Browser App
 - Single-App
 - Multi-App
 - This creates new opportunities
 - Locked down profiles by allowing only what's needed

- Set up a kiosk or digital signage on Windows 10 Pro, Enterprise, or Education
- Deploy Microsoft Edge kiosk mode
- Create a Windows 10 kiosk that runs multiple apps
